a **Banner detection**

crawler	banner visible	no banner	audit
banner detected	**53**	1	

b **First-layer reject option**

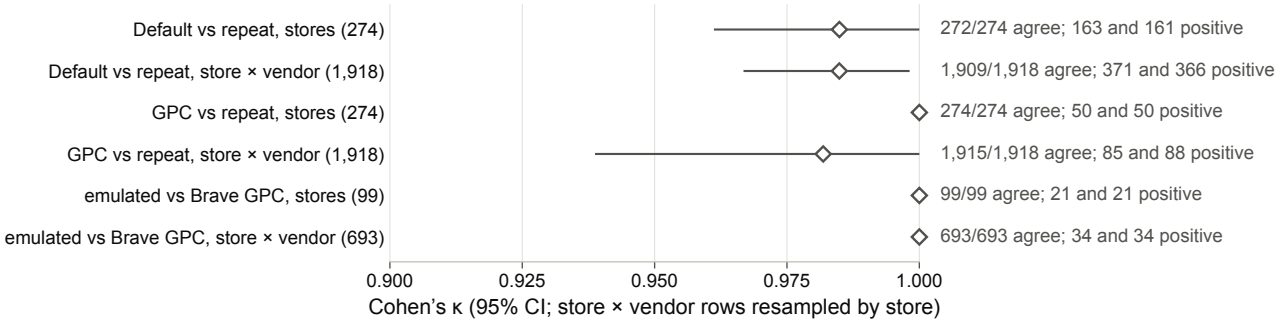
crawler	reject visible	no reject	audit
reject found	**35**	0	
no reject found	1	**17**	

c **Decline click dismissed the banner**

crawler	banner gone	still shown	audit
banner dismissed	**33**	0	
banner still shown	0	**2**	

54 seeded Decline loads (36 clicked, 18 without a reject option). Banner detector: 53 of 54 flagged banners were real. Reject finder: 52 of 53. Click flag: 35 of 35 clicked loads with a visible banner (1 clicked load showed no banner in the screenshot); banner gone after 33 of 35 clicks. Grey cells: crawler and audit agree.

d **Agreement between loads: Cohen's κ on 'a sandboxed ad request fired'**



Emulated vs Brave GPC: Default and GPC differed on 39 of the 99 stores and 109 of the 693 store × vendor pairs; Brave matched GPC on all 39 and all 109. Sandboxed ad requests per store, Spearman ρ: Default vs repeat 0.982 (0.956–0.999), GPC vs repeat 0.999 (0.996–1.000); 274 stores, bootstrap over stores.
